MIC-621A

1. Descriptions.

The condenser microphone MIC-621A from ArtSound is suitable to work with MX series mixer amplifier for paging and announcement applications.

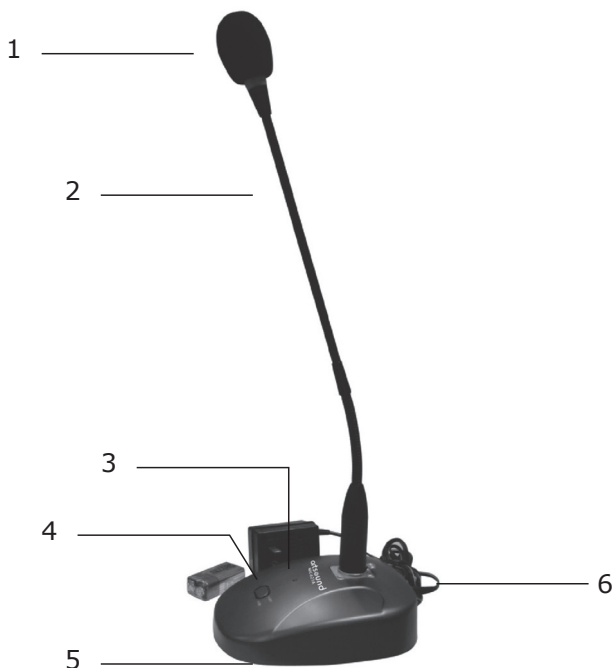

The tone reminder or chime will help to ask the audience's attention before talking, while the clear sound system of very little distortion transmission will bring you great comfort.

2. Operation Instruction

1. Connect the microphone to the amplifier with the XLR cable.
2. Adjust amplifier MIC volume to "0" position. Plug the external power supply into the MIC.
3. By pressing the MIC switch the red ring lamp will be light and the microphone is in service.
Speak to the MIC and adjust the volume on the amplifier at the same time until a clear sound is obtained.
4. Volume output of the MIC can be adjusted on the rear of the MIC's base.

3. Functional.

1. MIC
2. MIC Pole
3. Power Indicator
4. Power Switcher
5. MIC Bottom Table
6. Power Input
